Assistance to Myanmar

The Governing Council,

Noting the implementation status of the fifth country
programme for Myanmar as set out in the Administrator's note
(DP/1992/63) and in document DP/1992/CRP.7,

Further noting the intention of the Administrator to
continue the implementation of the fifth country programme from
fourth cycle resources,

1. Requests the Administrator to review with the Government
of Myanmar reallocations, as appropriate, of fourth programming
cycle indicative planning figure resources and to approve
personally higher priority projects likely to have greater impact
at the grass-roots level from the funds thereby released;

2. Also requests the Administrator to conduct, through the Central Evaluation Office, a detailed review of the fifth country programme for Myanmar, including an evaluation of the impact of all projects implemented under it and to report to the Governing Council, together with recommendations on programming for Myanmar under the fifth programming cycle, at its fortieth session (1993);

3. Decides to defer further action on the preparation of the fifth cycle country programme for Myanmar until the Governing Council has considered and accepted the review and recommendations requested in paragraph 2 above.
